HIGH SCHOOL SENIOR PORTRAITURE PRICE LIST AND POLICIES

***High-quality contemporary portraiture
at our home studio location in Sonoma***

About Our Services

We provide a variety of products and services for graduating seniors and their families. We offer indoor *AND* outdoor poses right at our Studio location, and you may purchase individual prints or packages—it's your choice! We can provide tux or drape poses with your session, however all yearbook photos will be taken and submitted by the underclass photographer this year and pictures will be taken at school. We provide an air conditioned, comfortable "home" environment that will put you at ease. Because we work from a home studio, we are open by appointment only.

About the Portrait Session

We encourage you to bring props such as a musical instrument, letterman jacket, pet, car or motorcycle, bicycle, or other meaningful items to personalize your portrait. You can even bring your girlfriend or boyfriend, a best friend, or a sibling for a few shots. Please let us know ahead of time about any special requests or larger items (such as a car or pet) you may want to include in your portraits. The Studio and Outdoor Session lasts about an hour, the Studio and Outdoor Extended Session last about an hour and 30 minutes, and the Totally Custom Session lasts about 2 hours.

About the Previews

Previews will normally be available for online viewing within 10 working days of the Session through our password protected website. At peak production time it may take us a bit longer to post them. There is no charge for this web hosting, and images will remain online for two weeks. When viewing the images please make your selection on the basis of expression and pose only. Your finished portraits will be cropped and balanced for best color. All poses will be carefully retouched so you will look your best.

For print prices and products, please see Page 2.
